Mid Penn Bank

5500 Allentown Blvd/ Rt 22, Harrisburg

Project Profile :

When Mid Penn bank wanted to create a new Regional Headquarters location that blended their long stable heritage with their new image and focus they decided to work with Environmental Interiors. The new Regional Headquarters image and function would set the standard for future locations. An interior finish package was crafted from traditional colors and patterns accented with warm wood tones. The offices are traditional suites of furniture. The training center on the second floor uses flexible training tables and lightweight stackable seating. Alan Dakey, President of Mid Penn Bank expressed "Environmental Interiors did an excellent job working with the Bank to create a beautiful new location that has become the centerpiece of our growth"
